

Looking after every whisker

With a TrustedPals plan, you'll get up to 100% back on vet bills, the full attention of our Pet Advisors (humans as dedicated as your own), and you can even pick your own vet.

So you get on with having fun – without worrying about little trip-ups.

What's covered?

If you get sick or injured, **and a licensed vet** prescribes a treatment for you, it's covered – so long as it's something you haven't had a problem with before (the humans here call these 'pre-existing conditions').

Here are a few examples of what our plans cover – but if you're unsure, just ask!

We know it's really important we look your best, but just so you know – things like grooming, cosmetic procedures aren't covered.

Services like dog or cat sitting, dog walkers, and the like aren't covered either.
